

The Start-Up Success Blueprint:
Seven Excellence Tools for Small Businesses

e-coaching available as part of your programme fee

At Excellence Tools, we are dedicated to helping you make your business a success

One of the major benefits of the *Start-Up Success Blueprint Programme* is that you have the opportunity to work with an expert in building businesses on the specific challenges you face in your own business.

All you have to do is to send an email spelling out your particular challenge around the topics we cover in the programme, and we will get back to you with ideas and suggestions.

How the e-coaching will work:

Up to seven question and answer email exchanges are included in the price of your Excellence Tools Programme. As you work through the programme, if you have any questions about applying the Tools to your own business, please email Excellence Tool Founder David Smith at david.smith@excellencetools.com and he will work with you.

We aim to reply to all emails within seven days. This offer of e-coaching is available for three months following your purchase of the programme.

Further coaching options

We also offer other coaching options for a supplementary fee to provide you with additional support while completing our Excellence Tools Programme.

Telephone coaching

For further expert advice from Excellence Tools, we can also offer telephone coaching.

Face-to-face coaching and workshops

Excellence Tools also offers face-to-face coaching and workshops for your own business.

Please email david.smith@excellencetools.com to let us know if you want to take up one of these coaching options.
